Campbell's Resort Welcomes 5th Generation Eric Campbell to Family Business

Lake Chelan, WA (July 8, 2010) – Eric Campbell has returned home to join his family business, representing the start of the 5th generation of family management and ownership. A Chelan High School graduate of 2001, Eric attended the University of Puget Sound, graduating in 2005. While at UPS, Eric was a member of Phi Delta Theta Fraternity and rowed on the Varsity 8 crew team. After graduating from UPS, Eric worked 3 years in commercial real estate in Bellevue, Wa. before transferring to a Seattle Hotel company and working at Hotel 1000 for the past 2 years.

Since returning to Chelan in March, Eric is getting fully immersed in resort operations. “I’m really excited to be back and involved in my family business, working with my Dad, Clint and the outstanding hospitality team here. Everyone has made me feel so welcome. I love the energy, our staff, interacting with our guests and helping out wherever I can. There are a lot of moving parts to this business and it is fun being involved in the operations. We have a fantastic team. Being able to spend time with my family (Art and Diana Campbell, parents, Tom Campbell—brother (Seattle) and my Grandparents (Art and Kathleen Campbell) is such an added bonus. I am also spending more time with my Grandfather (Art Sr.) and getting a more in-depth and detailed perspective of our history and the history of the Lake Chelan valley. I love the hospitality business—it really fits my personality and passion”

“Having Eric join our business has energized our operation. His perspective, enthusiasm and energy give everyone here a big boost. It is fantastic to have Eric join our family business—says his proud father Art Campbell Jr. Our management team, staff, Clint and I are really enjoying working with Eric”.
